Content & Knowledge Experience Lead, Group Customer Experience

Emirates NBD, Dubai, UAE | Feb 2023 – Sep 2024

Drove enterprise content and knowledge enablement to accelerate digital adoption, improve self-service, and strengthen customer and employee experience outcomes.

- Led enterprise knowledge and digital enablement initiatives (20 initiatives) to simplify customer and employee interactions, improve content discoverability, and accelerate digital adoption across Emirates NBD Group. Bridged knowledge management, content strategy, and customer experience to deliver measurable improvements in engagement, efficiency, and service outcomes.
- Designed content strategies that enhanced accessibility, boosted engagement, and improved learning outcomes (increased utilization by 75% across different business units).
- Produced SEO-optimized content for knowledge management systems, boosting article visibility and user engagement (launched 50+ engagement activities that led to increase in utilization).
- Coordinated with cross-functional teams to identify user requirements and ensure content alignment with business goals.

- Delivered KM Platform training programs across multiple business units (for over 2,500 frontline staff).
- Designed and implemented dashboards that are used in various forums to track project status, utilization and key concerns across different teams

Primary role: Customer Experience Digital Transformation Lead

Emirates NBD, Dubai, UAE | Jan 2019 – Jan 2023

Led group-wide omni-channel transformation initiatives across Emirates NBD and Emirates Islamic, focused on simplifying customer interactions, accelerating digital adoption, and reducing operational dependency on assisted channels. Partnered closely with business, technology, risk, and legal teams to deliver scalable, complaint and customer-centric digital solutions. Spearheaded multi-channel programs that revolutionized customer interaction management, creating seamless and personalized engagement across all touchpoints throughout the customer journey.

Key Responsibilities & Impact

- **Enterprise Omni-Channel Strategy:** Owned and delivered the Omni-Channel Optimization Program (OCOP), spanning website transformation, chatbot enablement, and EVA-IVR enhancement, with the objective of creating consistent, end-to-end customer experiences across digital and assisted channels.
- **Digital Experience Transformation:** Led the complete public website revamp for Emirates NBD and Emirates Islamic, driving self-service (240 services) adoption through improved information architecture, enhanced search functionality, intuitive UI/UX, and structured customer journeys.
- **Customer Journey & Service Design:** Designed and implemented customer journeys (100+ journeys) that enabled customers to initiate service requests digitally reducing inbound contact volumes and improving service efficiency and turnaround times.
- **Cross-Functional Delivery Leadership:** Acted as the bridge between Business, IT, CRM, Risk, and Legal, ensuring all solutions met regulatory requirements while remaining practical, scalable, and customer-focused.
- **Business & Functional Design Governance:** Owned the development of BRDs, FSDs, PFDs, and NPPA artefacts, translating strategic business intent into executable technology and operational outcomes.
- **Implementation & Execution Oversight:** Worked closely with IT delivery teams through build, testing, and release phases to ensure quality, timeliness, and alignment to business objectives.
- **CRM Configuration & Enablement:** Partnered with CRM teams to configure service requests, manage system testing, and support training and adoption across relevant business units.

Concurrent role: Training Manager, Learning & Development

Emirates NBD, Dubai, UAE | Mar 2021 – Sep 2022

Enabled enterprise system adoption and workforce readiness through targeted learning programs, instructional design, and performance-driven training execution.

- Designed, delivered, and evaluated training programs for system implementations, compliance, and customer service.
- Created instructional design materials including facilitator guides, e-learning modules, and assessments.
- Facilitated workshops and monitored learning effectiveness through feedback and performance metrics.
- Aligned L&D initiatives with business priorities to improve adoption of digital tools.

Senior Subject Matter Expert

Emirates NBD (Tanfeeth), Dubai, UAE | Jun 2015 – Jan 2019

- Supported L&D and business projects by evaluating systems and recommending innovative solutions.
- Mentored colleagues on technical tools and process enhancements, improving team efficiency.
- Authored user guides, training documentation, and knowledge-sharing materials.
